

HIGH CAPACITY LATERAL FILES WITH BINDER STORAGE

Standard with five 10^{1/2}" fixed fronts and one 15" Tier for binder storage. With our High Capacity system you can store top tab files in all 5 rollout drawers. Depending upon your drawer width and configuration, you obtain 20% to 25% more filing capacity versus conventional 12" drawer units. Side to side and front to back filing bars are included. File drawer interiors are black. See page 71 in the June, 2004 price list.
