

LECTERN

42" standing height. Large worksurface with retractable steel shelf that extends either left or right. Engineered for simple cable management. Secured vented panel on approach side is removable for cable access. Legs are standard. Casters, partition with shelves, keyboard trays and surge protected power strip optional. Locking side action tambour doors close inside cabinet.

Lectern with Nova™ Viewport

Allows the CRT to be positioned below the worksurface and viewed through protective glass. Nova™ hood tinted glass reduces glare.
