CUSTOM FINISHES

With Evans' Custom Collection the possibilities are truly infinite. We offer leading-edge customizing options where the only limit is your imagination.

Evans' highly skilled finishers are masters of architectural detailing. Our professionals perfectly match worksurfaces to existing interiors and custom design an amazing array of materials. Whether it's glass, veneer, marble, solid surfaces, stainless steel or almost any substance imaginable, Evans will create the look you desire.

Our expertly trained staff will also work with you to put the design world at your fingertips. Evans offers maple, cherry and oak veneer as stock items, but is pleased to supply special order veneers and custom stains. We will gladly order plastic laminates from any current manufacturer, and additional paint colors are available for exterior metal components upon request. Please check with your Evans' representative for cost and availability.

PRESTIGE COLLECTION

Step up to Evans' Prestige Collection of high-pressure plastic laminates, where Evans provides you with a premier collection of attractive yet extremely durable laminates.

With 12 panel finishes and 24 work surface options, you'll discover endless design possibilities. Fresh and vibrant, Evans' Prestige Collection unleashes the timeless power of color.

DIVERSITY

Baseboards, worksurface endcaps and light valances are black.

STRATEGY

Slatwall, worksurface endcaps and exposed metal components are painted black. The recessed monitor deck is finished with Wilsonart Black 1595-90, unless otherwise specified.

ALARIS

Plastic laminate equipment fronts correspond to panel choice. Aluminum equipment fronts are painted a solid color to match panel choice, unless otherwise specified. Baseboards and worksurface endcaps are black.

IDENTITY, SERIES 200

Tasklights, valance and baseboards are painted black, unless otherwise specified. Please contact your Evans' representative to discuss the wide variety of alternate solid color accents available.

IDENTITY

Equipment fronts, other than optical glass with masking, are finished with standard Wilsonart Black 1595-60, unless otherwise specified.

The standard finish for all exterior panels, worksurfaces and equipment fronts in Evans' Prestige Collection is Wilsonart #60 (Matte) with the exception of Satin Stainless which is finished in Wilsonart #07. The interior faces of panel are finished with Wilsonart Black 1595-60.

LAMINATES BY WILSONART

Evans' Prestige Collection is supplied through Wilsonart International, a global leader in laminate and solid surfacing materials.

These photographed reproductions are designed to provide a general overview of the finishes offered. They are representative of the actual laminate finishes to be supplied; however, the inherent characteristics of laminate samples and their printed reproductions make it impossible to guarantee that these reproductions are a precise match. Please contact your Evans' representative for an actual laminate sample when color matches are critical.

- Patterned laminate grains will be positioned vertically on the exterior panels.
- All panel edges are finished with durable PVC in a complimentary color.
- Patterned finishes cannot be duplicated on painted metal components.
