maxwell

Maxwell's single intuitive control adjusts seat height, back stop and tension.

The Flexweave™ material is breathable and the armrests are elbow-loving.

Silver-tone detailing is just the right dose of sophisticated cool. Simplicity at its best.

Now the Flexweave comes in five new colors, and seat pads can be ordered in crepe or leather.

Features / Benefits:

- One size facilitates asset management and fits the 5th to 95th percentile
- All ergonomic features adjust from a seated position
- Intuitive-Glide control provides synchronized seat movement with four position variable back stop
- Motion allows user to reach work area during recline, while eyes maintain a constant level to the task at hand
- Back tension is adjusted with a 180° rotation of the control knob
- Sleek lumbar design adjusts both height and depth
- Vertically adjustable arms with pivot range of 12° out, 25° in
- Choose from izzysilver or black frame
- Choose standard Black or one of five new fun Flexweave colors - Starlight, Lava, Beach Sand, Lagoon or Deep Sea
- Optional seat pad available in recycled Terratex® Crepe textile or leather and will retrofit existing chairs
- Flexweave Black available on **izzyquik** 2-day quickship program
- Limited Lifetime Warranty
